Oh... Yea... Yeah...

Look in my eyes
Take a good look tell me what you see
Because of you
I'm only a fraction of the man I used to be

I didn't want to fall in love
I didn't really have the time
I didn't want to let you in my life
I wanted to run and hide

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for
What I been waiting for

Mmmmmm...

The smile on my face
Tells I'm exactly at the place that I want to be
Girl you're like my fire
You're my one and only desire
You can have everything that you want from me

I didn't want to fall in love
I didn't really have the time
I didn't want to let you in my life
I wanted to run and hide

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for

Baby I'm going through it

I really don't know what you did
But I'm glad you did it
I never thought I would feel this way
But I'm so with it
All things are possible
And with that we'll fall together

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for x4

I know what I've been waiting for
And it's you
I know what I've been waiting for
Oh... ooo...
