We've been here once or twice before
In the fire between is and what will be
My desire for you is two months strong
And I'm ready for what tonight might bring

I am to please, baby give it to me
I've been holding back these feelings for so long

So tell me
You don't have to go
Tell me
You don't have to leave
I know you want me as much as I want you
So tell me what's it gonna be

I've been open for you from day one
Fantasizing about all the possibilities
Anticipation has got me comin undone
You're about to see a different side of me

I am to please, baby give it to me
I've been holding back these feelings for so long

So tell me
You don't have to go
Tell me
You don't have to leave
I know you want me as much as I want you
So tell me what's it gonna be

Tonight's the night
Love light in flight
Nice 'n' slow
Tokyo
Let it flow
No regrets
Soft and wet
Ribbon in the sky

I.G.Y.
In the air tonight
Superstar

Wanna be where you are
Oh, then let's do it again

[2x]

So tell me you don't have to go
Tell me you don't have to leave
I know you want me as much as I want you
So tell me what's it gonna be
