Neither one of us can get to sleep  
'Cause what's on your mind is what's on my mind  
Both of us know we just may regret it  
And neither one of us can fight for truth  
'Cause you feelin' me and I'm feelin' you  
And both of us hope we will never forget it

'Cause we are closer and we touch  
And the feeling gets too much  
No need to hurry, no need to rush  
And I'm tellin' you, girl I'm tellin' you

And I'm just givin' it up to me  
I'm not just givin' it up to you  
And senses, hope we both know what to do  
That's good enough  
(That's good enough for me, girl)

And I'm just givin' it up to me  
I'm not just givin' it up to you  
And senses, hope we both know what to do  
That's good enough  
(That's good enough for me, girl)

Neither one of us can shake the past  
Are we movin' to slow? I'm movin' too fast  
Can't touch us now, if we don't let it  
And neither one us wants to slide to win  
If forever was low and got to spin  
And us can true if we just say it

So 'cause we are closer and we touch  
And the feeling gets too much  
No need to hurry, no need to rush  
And I say to you, girl, I say to you

And I'm just givin' it up to me  
I'm not just givin' it up to you  
And senses, hope we both know what to do  
That's good enough  
(That's good enough for me, girl)

And I'm just givin' it up to me  
I'm not just givin' it up to you  
And senses, hope we both know what to do  
That's good enough  
(That's good enough for me, girl)

Oh, what we have right here now baby  
Is good for me is all good you, is all we were waiting  
for  
Take my hand and I take you to that special place  
Come with me to this open door

And I'm just givin' it up to me  
I'm not just givin' it up to you  
And senses, hope we both know what to do  
That's good enough  
(That's good enough for me, girl)

And I'm just givin' it up to me  
I'm not just givin' it up to you  
And senses, hope we both know what to do  
That's good enough  
(That's good enough for me, girl)
