Come on lets do this over, ill just try to keep myself in
one piece
Its all Self-Explanatory, now

Save your Excuse, might be good but thats old news.
your ways to hide is just for show, I swear Ill kill you
when we know

You say well see you again next week, your addiction
makes you whole!
The quality that gives you away; your quality gives you
away. (You know)

Come on lets make it louder, all these times Im sure I
couldnt see you
Its all Self-Explanatory, now

Well just so you know, cut those goodbyes before you
go.
Might be good but thats old news. Well be laughing
when you lose

You say well see you again next week, your addiction
makes you whole.
The quality that gives you away; your quality gives you
away so...

You say well see you again next week, your addiction
makes you whole.
The quality that gives you away; your quality gives you
away.(You know)

Come on lets make it louder
all these times Im sure I couldnt see you

You say well see you again next week, your addiction
makes you whole.
The quality that gives you away; your quality gives you
away.

You say well see you again next week, your addiction

makes you whole.

The quality that gives you away; your quality gives you
away.
