well I'm the soul-man at the microphone stand-  
you're a 50 cent fucker I'm a million dollar man-  
and rippin' up shit is the god damn plan-  
don't need no fuckin' muscles or a coppertone tan-  
I'm a skinny little fucker from the street-  
with some rhymes in my mind to make this rap  
complete-  
I never get tired - I'm retired-  
I've never been hired so I can never get fired-  
I don't have a diploma or a GED-  
but you don't need a degree to be on MTV-  
WOO HAW - hit me with my parole check-  
it's all about money so fuck respect-  
say I'm sellin out - well I'm sold-  
I'm gonna be rich when I'm old like mold-  
mildewin' - so you can say I'm screwin' - the pooch-  
when I'm hittin' the hootch - while I'm poppin' the  
kootch-  
booty shakin' with your girl on slow jams-  
your name Michael Jackson - nah - Soulman-  
so my life sucks, but yours does too-  
cuz your mommas fat and ugly, and so are you-  
sorry to burst bubble-  
hope I caused ya trouble-  
but you're startin to look like Barney the fuckin Rubble-  
No harsh feelings, someone had to tell ya-  
just don't come close so I won't have to smell ya.

pick it up, put it down-  
lay it on the ground-  
like Lionel Kiddie City, turn your frown upside down-  
Just like an ear test, listen for the sounds-  
Cuz like a fudge maker, I cut it by the pound-  
and you know I'm not a clown-  
so I don't fuck around-  
I just hit on your mamma cuz her botty's nice and  
round-  
I dont give a shit if she weighs 400 pounds-  
as long as she's got meat, I'll eat it all year round-  
her lovin might be crappy-  
but she'll never ever slap me-  
cuz im the only man that'll try to make her happy-

so back off son or I'll bite ya like Tyson-  
I'm not Puerto Rican, so I wont like the rice 'n'-  
BEANS, BEANS, they're good for your heart-  
you know the more you eat 'em, you know the more you  
fart-  
I eat 'em all day long so stay away from my ass-  
don't follow to closely and don't light a fucking match-  
cuz one little spark and -BOOM- explode-  
like the Power Rangers, I'll be in turbo-  
Well now you now you know my life and how it sucks to  
be me-  
but I'm comfy this way like a pair of cord jeans-
