I really can't stay
(But baby it's cold outside)
Oh I gotta go away
(Baby it's cold outside)
This evening has been
(Been hoping that you'd drop in)
So very nice
(I'll hold your hands they're just like ice)
My mother will start to worry
(Hey beautiful, what's your hurry?)
Daddy will be pacing the floor
(Listen to that fireplace roar)
So really I'll better scurry
(Oh beautiful please don't hurry)
Or maybe just a little bit more
(Oh put some records on while I pour)

The neighbors might think
(Yah, but it's bad out there)
Hey, ah what's in the drink?
(No cabs to be had out there)
I wish I knew how
(Your eyes are like starlight now)
To break this spell
(I'll take your hat, your hair looks swell)
I want to say no, no, no sir
(You mind if I move in closer?)
At least I'm gonna say that I tried
(What's the sense in hurting my pride)
I really can't stay
(Don't hold out)
Baby it's cold outside

I simply must go
(But bay it's cold outside)
The answer is no
(But bay it's cold outside)
The welcome has been
(How lucky you dropped in)
So nice and warm
(Just look out the window, baby look at that storm)

My sister will be suspicious
(Gosh your lips look delicious)
My brother will be there at the door
(Like waves upon a tropical shore)
My maiden aunt's might is vicious
(Gosh your lips are delicious)
Maybe just a few minutes more
(I never saw such a blizzard before)

Oh I've got to get home
(But baby you're gonna freeze out there)
Hey, I need a comb
(It's up your knees out there)
You've really been grand
(I thrill when you touch my hand)
But don't you see
(How can you do this thing to me?)
There's bound to be talk tomorrow
(Well you think of my lifelong sorrow)
At least there will be plenty implied
(If you caught pneumonia and died)
I really can't stay
(Get over that old doubt)
Baby It's cold outside
