I'm gonna take a plane, baby here I go
I'm gonna walk the streets of Tokyo
The crowds of people and the neon lights
The rock n' roll days and the rock n' roll nights
There's a discotheque with a flashing sign
There's a sexy girl gonna show you good time
Come on in the shows about to begin
Come on, come on, come on

(Chorus)

I'm on the back streets of Tokyo
Back streets of Tokyo
Back streets of Tokyo
Back streets of Tokyo

I know a little place but it's hard to find
Down the road that twists and the street that winds
Roppongi town down the alleyway
The wine does flow and the band does play
So come on, come on let the fun begin
It's a night on the town. It's a night of sin
I can take you there. Come along with me
Come on, come on, come on

(Chorus)

So come on, come on let the fun begin
It's a night on the town. It's a night of sin
I can take you there. Come along with me
Come on, come on, come on

(Chorus)

Well, welcome to the land of the rising sun
And the sun don't set 'til the party's done
Just be careful, baby, don't press your luck
The back streets of Tokyo will eat you up
So come on, come on let the fun begin
It's a night on the town. It's a night of sin
I can take you there. Come along with me
Come on, come on, come on

(Chorus)

(Chorus)
