Huh!

I was mindin' my own buisness
Just walkin' by myself
I was on the straight n' narrow
Wouldn't look at no one else
I didn't want no trouble
But what else could I do?

From the corner of my eye I spotted you!

And then from out of nowhere
Like lighting strikin' twice
Electricity was in the air
I was lost in paradise
or so i thought that's what it was
But I could only see

That place that she had come from was to hot for me!

And she said Yo Soy El Diablo
Yo Soy El Diablo
Yo Soy El Diablo
And she's too hot for me!
Haaa!

When she walked into a room
From the croud you hear a hush
The young men they'd all croud around
The women would all blush
How silly they were all to think
That they could win her heart
Cause when it comes to love this girl is too damn hot!
Oh! She said Yo Soy El Diablo
Yo Soy El Diablo
Yo Soy El Diablo
And she's too hot for me!
Haa!

(Interlude)

Yo Yo Soy El Diablo
Yo Yo Soy El Diablo

Es Moy Moy Caliente

And I think that chick is much too hot for me!

I said hey El Diablo
If you're a devil dog
Where's your horns and pitchfork?
Where's the flames and fireballs?
And as I leaned to kiss her
I jerked straight back in shock!
The lips that I just kissed were burning hot hot hot!

Oh! She said Yo Soy El Diablo Yo Soy El Diablo
Yo Soy El Diablo
Then she's too hot for me!
(repeat)

Haahahahahahaaa!
