come on baby....
(go Brian..... Sexxxxx cat)

Jump into my rocket cause I'm ready to blast,
I dont' know where I'm goin, but I'm goin there fast,
tonight there aint no future and there isn't a past,
We'll make it like the first time so it won't be the last,
All I wanna do is everything that you ask,
Don't ya know Im really getting in the mood?
Got the jitter fingers and they're ready to pop,
when i get to groovin aint no way I can stop,
Baby when we get there then the joint's gonna hop,
Gotta ride the feeling baby straight to the top
Girl you make my heart start beating flipity-flop
baby cant you tell I'm getting in the mood

(chorus)
In the mood... the joint is jumping
In the groove.... we're on to something
in the mood... the band is pumping
swinging and swaying and rockin rollin
Come on down... were gonna party
I know how... yeah to get it started
In the mood.... we're good to boogie
Blow that jivin music now...

When the party's over i just know where to go...
where the after hours people boogie y'know...
I wanna hang a while with the lights a-real low
And whisper to my baby, we'll be taking it slow,
and baby if your ready then I'm ready to blow
baby now Im really getting in the mood

chorus

(I got all my best threads and my favorite shoes
Now its my time to play got no love for the blues
Understand what I'm saying or you better get back
got no time to waste cause I'm one hip cat
and when i start to workin i cruise right down the floor
and when i'm in the mood i spread it all around
I might be the man one hip party on the run

and when you see me coming Just call me Big King
Fun)

when the party's over i just know where to go...
where the after hours people boogie y'know...
I wanna hang a while where the lights'll be low
whisper to me baby, we'll be taking it slow,
and baby if your ready then I'm ready to blow

(chorus)

I'm in the mood....
