My baby she don't love me
She's never thinkin' of me
I guess I got
My baby don't love me blues

If it's true what I'm thinkin'
She's on the town
Slinkin' all around
My baby don't love me blues

Well, if I ever get to China
I'm gonna dig a hole to Carolina
I guess I've got
My baby don't love me blues

I never said I didn't need you
I only said I'd never leave you
I guess I got
My baby don't love me blues

Now she ain't never never comin' home
And I must stand all alone
I guess I've got
My baby don't love me blues
