When you're young and so in love as we  
And bewildered by the world we see  
Why do people get a soul  
Only those in love would know  
What a town without pity can do...  
If we stop to gaze upon a star  
People talk about how "bad" we are  
Ours is not an easy age  
We're like tigers in a cage  
What a town without pity can do  
The young have problems  
Many problems  
We need an understanding heart  
Why don't they help us  
Try to help us  
Before this plain granted planet falls apart

Take these eager lips and hold me fast  
I'm afraid this kind of joy can't last  
How can we keep love alive  
How can anything survive  
When these little minds tear you in two  
What a town without pity can do  
(instrumental break)  
How can we keep love alive  
How can anything survive  
When these little minds tear you in two  
What a town without a pity can do  
No it isn't very pretty what a town without pity...  
Can do
