Well I don't drive through the night these days  
It's just not a chance I'm willing to take  
And I don't spend my money foolishly  
Cause there's important things that you're gonna need  
You already got a hold on me

And I haven't even heard you cry  
I haven't even looked into your eyes  
I haven't held you one time but you've changed my life  
And I don't even know your name  
But I know I'll never be the same  
Oh I can't wait to show you you can fly  
And I haven't even heard you cry

You might look like your mom, you might look like me  
I don't really care as long as you're healthy  
And I'll make mistakes there's no doubt  
But loves one thing you won't live without  
Cause you own a place in my heart now

And I haven't even heard you cry  
I haven't even looked into your eyes  
I haven't held you one time but you've changed my life  
And I don't even know your name  
But I know I'll never be the same  
Oh I can't wait to show you you can fly  
And I haven't even heard you cry

Well I don't even know your name  
But I know I'll never be the same  
Oh I can't wait to show you you can fly  
I'm thinking about first steps and bike rides  
And I haven't even heard you cry
