Baby, when you smile at me  
I know that you're all I'll ever need  
You're my favorite song to sing  
You're my raincoat when it rains  
With all my heart and soul  
I want you to know

I wanna be the man who zips your dress, that holds  
your hand  
That's there when you wake up in the night  
I wanna be the one to kiss you 'til you come undone  
That makes you laugh when you wanna cry  
And puts a ring on your left hand  
I wanna be that man

When I look into your eyes  
I know that's where I wanna spend my life, the rest of  
my life  
You're my lazy Sunday afternoon  
My crazy New Year's Eve, my parachute  
And I love your innocence  
I wouldn't change anything about you

I wanna be the man who zips your dress, that holds  
your hand  
That's there when you wake up in the night  
I wanna be the one to kiss you 'til you come undone  
That makes you laugh when you wanna cry  
And puts a ring on your left hand  
I wanna be that man

I wanna be the man who zips your dress, that holds  
your hand  
That's there when you wake up in the night  
I wanna be the one to kiss you 'til you come undone  
That makes you laugh when you wanna cry  
And puts a ring on your left hand  
I wanna be that man
