Sittin' in my car outside your house
(Sittin' in my car outside your house)
Remember when we spilled Coke all over your blouse

T-shirts, cut-offs and a pair of thongs
(T-shirts, cut-offs and a pair of thongs)
We've been havin' fun all summer long

All summer long you've been with me
I can't see enough of you
All summer long we've both been free
Won't be long 'til summer time is through
(Summer time is through, not for us now)

Miniature golf and hondas in the hills
(Miniature golf and hondas in the hills)
Where we rode that horse, we got a thrill

Every now and then we hear our song
(Every now and then we hear our song)
We've been havin' fun all summer long

Won't be long 'til summer time is through
(Summer time is through, not for us now)

Every now and then we hear our song
(Every now and then we hear our song)
We've been havin' fun all summer long

We've been havin' fun all summer long
(We've been havin' fun all summer)
We've been havin' fun all summer long
(We've been havin' fun all summer)

We've been havin' fun all summer long
(We've been havin' fun all summer)
We've been havin' fun all summer long
(We've been havin' fun all summer)
Hey, hey, we've been havin' fun all summer long
