Songs/ASCAP

I've been places I can barely talk about
Sunny days that died away in tears
Tumbling like a leaf out on the sea of doubt
I've seen nights that seem to last for years
I know that even if I tried
I couldn't hide my love inside
It's plain to see
That I've been looking everywhere
But somehow no one seemed to care

Chorus:
Where has love been
Where has our love been
All my life

Now and then it seems as though you get it right
Some is never worse than none at all
Making love can always get you through the night
But true love's there to catch you when you fall
I know that even if I tried
I couldn't hide my love inside
It's plain to see
That I've been looking everywhere
But somehow no one seemed to care

Chorus

I'm in love and I know it was meant to be
Close your eyes and dream with me again
Dream again
