I reach out across eternity  
In your arms I feel the ecstasy  
A little kiss you come alive in me  
A love like this was meant to be  
I'm on top of the world  
I'm just floating on clouds

I feel you in my heart  
I feel you in my soul  
You are a part of me  
You make my spirit whole  
You've touched me

Your gentle smile your soft sweet skin  
Your kindness moves me so deep within  
When I think about you I start to spin  
This love of ours has always been  
I can dance on a star  
I can sing it out loud

I feel you in my heart  
I feel you in my soul  
You are a part of me  
You make my spirit whole  
You've touched me

Every thought is you  
You're my dream come true  
Beyond time beyond space  
It's your face I need you

You're my life the missing harmony  
Embracing me so tenderly  
Out of all the possibilities  
It's me for you and it's you for me  
You're the joy of my life  
Your love takes me so high

I feel you in my heart  
I feel you in my soul  
You are a part of me  
You make my spirit whole

You've touched me

I can't breathe, I can't sleep  
I'm in love so deep  
Time stands still  
What a thrill  
My sweet girl, I love you

Touch me  
Touch me  
Touch me my girl  
Touch me  
Touch me  
Touch me my girl  
Touch me  
Touch me  
Touch me my girl
