Found my love, I found diamond rings
Found my love, I gave my everything
Found my love, travelled across the land
Through the hail and the snow and the drivin' rain

Found my love, what did I care?
One love I wish I could forget
Oh Lord, now, what it's doin' to me
No more

I think it's drivin' me crazy
When nothin' can save me
I never thought I'd find me another love
Then I opened my eyes and there she was
I got another life today
I got another life today
A new chance for the new romance
New eyes, new nose
And everything smellin' like roses
I got another life today
I got another life today
You're everything I needed
Yeah, you shook my world
You're just what I been lookin' for
Yeah, you're just what I been lookin' for
Yeah, you're just what I been lookin' for

Too long, I lost everything I had
All my life I was longin', I was feeling sad
Didn't know what I was goin' to do
Lo and behold that's when, a, I met you
We turned it all around from a crate of blue
And I'm feeling more like me and all because of you
Oh Lord, now what ya doin' to me?
Give me more

I think you're drivin' me crazy
When nothin' can save me
I never thought I'd find me another love
And then I opened my eyes and there she was
I got another life today
I got another life today

A new chance for the new romance
New eyes, new nose
And everything smellin' like roses
I got another life today
I got another life today
You're everything I needed
Yeah, you shook my world
You're just what I been lookin' for
Yeah, you're just what I been lookin' for
Yeah, you're just what I been lookin' for

And I loved and a-lovin' till I loved too much
And I gave it everything until my love lost its touch
Till there was nothin' left worth savin'

Oh, and I know that everything I need to make me feel
complete
Can't you make up and be lovin' me?
I guess I'm fallin'. Now what I'm tryin' to say

I got another life today
I got another life today
A new chance for the new romance
New eyes, new nose
And everything smellin' like roses
I got another life today
I got another life today
You're everything I needed
Yeah, you shook my world
You're just what I been lookin' for
Yeah, you're just what I been lookin' for
Yeah, you're just what I been lookin' for

I said, you got what I want
And everything that I need
And you're hungry for love I got all you can eat
