Ooohhh-Ohhh
You stick to me like glue
Oh, it's true
I can't get you off my brain
When you came in the room
Didn't know what to do
Boy, I melted so fast
It was a sweet rapida
I sunk to the ground
You swept me off my feet and..

I'm falling in deeper
Can't be saved
No way out
No way out of your quicksand
Sunk to my knees
I can't escape
No way out
No way out of your quicksand
But I can breathe underneath
(Oh, Ohh)
Take your love
Cover me
(Oh, Ohh)
Pull me down
Pull me down

After just that time
When my eyes, got their fix
I lost my mind
Now I find that I-I-I'm craving it
I wanna see you again
The way you're looking and you're
so stuck in my head
I think I'm loosing it
Oh, Oh, Oh, Ohh

I'm falling in deeper
Can't be saved
No way out
No way out of your quicksand
Sunk to my knees
I can't escape
No way out
No way out of your quicksand

But I can breathe underneath
(Oh, Ohh)
Take your love
Cover me
(Oh, Ohh)
Pull me down
Pull me down

You are wonderful
You've taken all of my heart
Yeah, Yeah
It was all worth the fall
Don't let go
Ohhh-Ooohhh
Ohhhh
No way out
No way out
Ohh
No way out
No way out of your quicksand

I'm falling in deeper
Can't be saved
No way out
No way out of your quicksand
Sunk to my knees
I can't escape
No way out
No way out of your quicksand
But I can breathe underneath
(Oh, Ohh)
Take your love
Cover me
Oohhh
(Oh, Ohh)
Pull me down
Pull me down

Ohhh
(Ooh, No)
