Didn't know what to get you
Ordinary just wouldn't do
But i just found the perfect gift
For you

Now i got it all ready
But it's not wrapped in red or green
Come and sit down beside me here
Underneath the Christmas tree

We've got mistletoe and fire light
On this cold December night
The snow outside will set the mood
As i sing my song for you

I hear church bells ringing
Carolers singing harmony with me now
You are looking so lovely
Even if the lights go out

We've got mistletoe and fire light
On this cold December night
The snow outside will set the mood
As i sing my song for you

You're so beautiful
I only hope you see what i see (see)
Every word is meant to show you
How much you mean to me

We've got mistletoe and fire light
On this cold December night
The snow outside will set the mood
As i sing my song

We've got mistletoe (mistletoe) and fire light (fire light)
On this cold December night
The snow outside will set the mood
As i sing my song (sing my song)
sing my song
for you
