Set your clock back
Looking at the map
Wondering where you'll be at
Cause its so bad when you're not around
Your never around

It used to be you and me
Holding hands
Smoldering
Kicking up leaves
Talking about getting older
But now.
You're not around..

There'll never be a right or reason
For when it rolls around to the season
When all the leaves start the turning
And you start to burn
Again in my brain

I'm... falling for you.
I'm falling
I... cant forget you
Now it's cold and
All of the leaves on all of the trees
Are falling with me down to the ground and
I'm... falling for you

You're like a good book snuggled up on the sofa
When its raining outside
But I'm warm cause I feel you around
But you're so out of town

I kinda wanna call
But I bet that you're busy
With that fancy new job
And the fall wont affect you like how..
It makes me feel now

October's so overwhelming
And all of my friends, they tell me
November it should get better

But I still see you all over the place

I'm... falling for you.

I'm falling

I... cant forget you

Now it's cold and

All of the leaves on all of the trees

Are falling with me down to the ground and

I'm... falling...

I'm... falling...

Oh you are

Like sunshine

With the chance of rain

I love the cool

Crisp air and

I don't care

If you're near

Cause I feel you like you're here.

You're everywhere.

I'm... falling for you.

I'm falling

I... cant forget you

Now it's cold and

All of the leaves on all of the trees

Are falling with me down to the ground and

I'm... falling...

I'm... falling...

I'm... falling for... you.
