There's more to this than meets the eye.  
You were the back seat driver, everyone knows that,  
around here.  
And we have fallen, and we're reprimed,  
So many times I know, but you were in my life.

I still reside where you remain, (no I cannot)  
I've made the same mistakes again, (yet fall behind)  
I won't escape missed misery, (cause you're with my  
heart)  
The death inside of you and me. (in one last dance)  
I still remember everything you said, (no I cannot)  
And I'm still listening, (yet fall behind)  
And if you want, or need to know; (cause you're with my  
heart)  
You'll always be my heart and soul.

In parallel worlds we align.  
I hope you're not alone, I hope you're doing fine, and  
happy.  
And if all I have to learn, is how to be sure I'll let go,  
You can be my guide.

I still reside where you remain, (no I cannot)  
I've made the same mistakes again, (yet fall behind)  
I won't escape missed misery, (cause you're with my  
heart)  
The death inside of you and me. (in one last dance)  
I still remember everything you said, (no I cannot)  
And I'm still listening, (yet fall behind)  
And if you want, or need to know; (cause you're with my  
heart)  
You'll always be my heart and soul.

I still reside where you remain, (no I cannot)  
I've made the same mistakes again, (yet fall behind)  
I won't escape missed misery, (cause you're with my  
heart)  
The death inside of you and me. (in one last dance)  
I still remember everything you said, (no I cannot)  
And I'm still listening, (yet fall behind)  
And if you want, or need to know; (cause you're with my

heart)

You'll always be my heart and soul.
