One at a time, every night  
I shake in every line  
You wouldn't want me to try to open up  
One of a kind, every night  
I keep on lacking behind  
Would it help if I tried to understand?

I mean what I say  
Forever will never last  
I'm sick of waiting for the landslide  
I walk your shadow in the moonlight  
Don't tell me everything will be fine

One at a time, every night  
There's truth in every lie  
Would you want me to hide or hold you now?  
One of a kind, every night  
Each and every time  
I wouldn't know if you'd tried to wake me up

I mean what I say  
Forever will never last  
I'm sick of waiting for the landslide  
I walk your shadow in the moonlight  
Don't tell me everything will be fine

Short cuts and long delays  
Short cuts are my mistake  
Short cuts and long delays  
Short cuts are my escape

I mean what I say  
Forever will never last  
I mean what I say  
Forever will never last  
I'm sick of waiting for the landslide  
I walk your shadow in the moonlight  
Don't tell me everything will be fine

(I dare you not fall asleep)  
I'm sick of waiting for the landslide  
(I dare you not fall asleep)

I walk your shadow in the moonlight  
(I dare you not fall asleep)  
Don't tell me everything will be fine  
(I dare you not fall asleep)
