Don't stop looking away,
Cause I know what you're wanting to say.
But there's no place that I'd rather be, when I'm alone
and speaking out.
I won't stop looking away,
Cause I know what you're wanting to say.
But there's no place that I'd rather be, when I'm alone
in the conversation.

What does it feel like?
What does it feel like?
The weight of the world.
The weight of the world.
Clean on the inside.
Clean on the inside.
What will you do, what will you do to hear right?
What does it feel like?
What does it feel like?
The weight of the world.
The weight of the world.
Clean on the inside.
Clean on the inside now.

I won't stop looking away,
Cause I know what you're wanting to say.
But there's no place that I'd rather be, when I'm ahead
in the conversation.
Don't stop looking away,
Oh I know what I wanted to say.
But your hold-up's afraid to be seen, so come take a
ride with the two of us.

What does it feel like?
What does it feel like?
The weight of the world.
The weight of the world.
Clean on the inside.
Clean on the inside.
What will you do, what will you do to hear right?
What does it feel like?
What does it feel like?
The weight of the world.

The weight of the world.
Clean on the inside.
Clean on the inside now.

What does it feel like?
What does it feel like?
The weight of the world.
The weight of the world.
Clean on the inside.
Clean on the inside.
What will you do, what will you do to hear right?
What does it feel like?
What does it feel like?
The weight of the world.
The weight of the world.
Clean on the inside.
Clean on the inside now.
