"Black Goat"

Black goat whit silver horns
Sick and preverted smile on face
Virgin lies naked on the altar
Before an inverted crucifix

Goat above
Goat below

Goat above
Goat below

Chalice placed between her breasts
Some of wine spilled on her body
Wine of feast is human urine
The preverse excitements of acts of blasphemy
Vuohi yllÄfÄfÄ,Äx
Vuohi alla

(I see horny Lady copulating whit black goat)

I see horny Lady copulating whit black goat
I see goat above, I see goat below
The perverse excitement of acts of blasphemy
The eerie art of jetblack cosmetics
