"Corpse Desecration"

Fullmoon and the graveyard, shovelwork & sweat
Exhumation for rite of necropedophile
Cunt full of Maggots, fucking with young corpse
On the cold tombstone, lusting on the grave

She's dead but she's crying
We desecrated her body and her grave
Morbid corpse ritual, morbid corpse desecration

Throw your sperm on the stomach,
stomach of priest's child
Necrophilism in the night
Morbid corpse desecration
Corpse desecration

Desecration, morbid time, pure blasphemy
Hate the enemy, pure blasphemy
Fullmoon and the graveyard, shovelwork & sweat
Exhumation for rite of necropedophile

Who said that dead can't feel?
Unholy corpse desecration
She was really twisting in pain
Unholy corpse desecration
She cried in the night
Unholy corpse desecration
Unholy corpse desecration
Unholy corpse desecration
