"Spears Of Sodom"

Visit "[Spears Of Sodom](#)" on MotoLyrics.com

Omen of evil strikes
Hell and demons prevail
Sodom as religion rules
Antichrist is on the Earth

Pit of the black demons
Dark religion and black arts
We just perform black rites
-- the magikal arts

In my determination
Holy mass cremation
destination is now here
cos Sodom as religion rules

I was guest in Bethlehem's whorehouse
There was a whore called Mary
I penetrated by my Spear of Sodom
into her body
Nine month later
there was born
Jesus - bastard son

Spears of Sodom -- in the sky
Spears of Sodom -- in the night
Spears of Sodom -- Spears of boundless fright
Spears of Sodom

Bow to me -- I am your God
Your masses were done for me
I was father of that "Christ"
I just fucked with Mary
I am your God -- bow to me
Your masses were done for me
I am your God
