red is the colour of virgin blood so pure
for this mind's fire there's only one sure cure
thirst for maid's liquid of life
can be stopped by following act
take your sharpest dagger or knife
open her veins to drink her blood
take your sharpest dagger or knife
open her veins to drink her blood

to help your thirst;
virgin will be slain
spill her blood
make her suffer

slay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, kill

virgin blood spiller
the most evil sinner
virgin blood spiller
slayer by my own nature

slay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, kill

ritualistic slaughter
cutting her veins, making to bleed
slaying an innocent daughter
kill her to drink before it's too late

slay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, kill

virgin blood spiller
the most evil sinner
virgin blood spiller

slayer by my own nature

slay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, kill, kill!
