World of mortals !  
World of demons !  
Bless the fire !  
Bless the demon's fire !  
Look to the sky !  
And what do you find ?  
A god that rules in a grace of lies !

Chourse :

A demon's heart in a world thats black ! A forest in  
satan that evil as me ! With Demons flying around the  
beast ! Would you ever sleep with a demon tell me !

A god of lies !  
A god of fire !  
Demons serve me well !  
Become my friend !  
Fill my enemys heart with shame !  
With poison that will make theme die in pain !

(Chourse Again)

Would you ever sleep with a demon ? Would you ever  
be its friend ? Would you serve it well ? Or would you be  
the one that reigns in hell ?

(Chourse Again)
