I got a little place back home with the parents and a
warm bed
I got a little girl back there but she doesn't seem to
know it yet
I should be holding my tongue, oh I gotta let her know
That I got a good girl on a good day

We got a little place downtown where we all go to think
I like sitting out back with the boys while the friends all
share the drinks
I sure love coming back home for a, for about a week
'Cause I've got a good town on its good days

And I want to know when I go back home Imma have
somebody
And I want to know what it feels like when you don't
need nobody else
Gotta go back home
Gotta go home to know
That I've got a good life, it's a good day

Someday Imma come back home with a '65 Corvette
I'll race my dad's Satellite, orange beats candy apple
red
I'll make my momma so proud with the, with the girl I
met
'Cause I got a good town on its good days

And I want to know when I go back home Imma have
somebody
And I want to know what it feels like when you don't
need nobody else
Gotta go back home
Gotta go home to know
That I've got a good life, it's a good day

Down the road, I'll pack my things I'm going home
I'm tired of living life without you
I gotta go home tonight
I want to go home tonight

And I want to know when I go back home Imma have
somebody
And I want to know what it feels like when you don't
need nobody else
Gotta go back home
Gotta go back home
Cause I've got a good girl, it's a good day
Oh I've got a good town, it's a good day
Oh I've got a good life, it's a good day
