I completely regret every moment wasted
With every tear I've tasted in this sonnet.
I won't fall to the queen of jealousy;
I believe everything happens for a reason.

Tell me was it worth it, all the fights and the drama
caused.
Your pride is lost in a sea of low self-esteem,
And never to redeem itself. You're on thin ice.
You've lost what love looks like.

So watch what you say, tomorrow I'll be worlds away.
Don't forget to remember me.
Today is a new day and you're old news
Just like this bruise on my back that I'll eventually lose.

So over the top and I can't stop.

It's never been harder to sleep.
My breath is weak.
I'm over exposed I'm at an all time low. You're on thin
ice.
You've lost what love looks like.

Here we go again, I'm no better than your average
man.
With some high vocal chords, sure I've scored who
hasn't anymore?

So watch what you say, tomorrow I'll be worlds away.
Don't forget to remember me.
Today is a new day and you're old news
Just like this bruise on my back that I'll eventually lose.

So over the top and I can't stop.
