I'm Just a boy from the keystone state
And you're the only girl that takes my breath away,
It's nothing like I've seen before and I can't ignore
Anything that you're doing to me.

I'm doing 95 on I-95
Keeping up with the traffic and time,
I'm gonna get you out of your clothes,
The closer I get the sooner you'll know.

And this is how I feel. And I'm not messing around

I'm Just a boy from the keystone state
And you're the only girl that takes my breath away,
It's nothing like I've seen before and I can't ignore
Anything that you're doing to me.

I can't believe anything that you say to me
Cause I'm living in the real world
And you're living in some fantasy dream.

And this is how I feel. And I'm not messing around.

I'm Just a boy from the keystone state
And you're the only girl that takes my breath away,
It's nothing like I've seen before and I can't ignore
Anything that you're doing to me.

I've learned my lesson over the years;
I've been let down and drown myself in my own tears.

I'm Just a boy from the keystone state
And you're the only girl that takes my breath away,
It's nothing like I've seen before and I can't ignore
Anything that you're doing to me.
