(you got me shaking like a tambourine ahaa)

For seven days and for seven nights
I never got you off my mind
Since I first caught your eyes
I've been thinking bout you all the time

I wasn't looking for a love affair
I thought we just were making out
But I admit there's a fire there
That I can't seem to do without

Something strange been happening lately
I can't explain this feeling
But every time I see you baby
You got me shaking like a tambourine
Ahaa

I said it's kind of hot in here
I was tipsy and the lights were low
You said it's much to crowded and
I got a place were we could go

Something strange been happening lately
I can't explain this feeling
But every time I see you baby
You got me shaking like a tambourine
Ahaa
Now I just can't do without it
Ahaa
Now I just can't do without it (just can't do without it)

Something strange been happening lately
I can't explain this feeling
But every time I see you baby
You got me shaking like a tambourine
Ahaa
Now I just can't do without it
Ahaa
Now I just can't do without it (just can't do without it)

You got me shaking like a tambourine
Ahaa
You got me shaking like a tambourine
Ahaa
