(Chorus)

What if I told you that I fell in love with you

Last time we kissed

I fell in love the last time we kissed

Don't know what you did to me girl

Everything went blind

When your lips touched mine (hey)

Don't know what it was about that time

(I fell in love)

I swear girl I ain't lying when I say

I fell in love that last time we kissed

Don't know what you did to me girl

(I fell in love)

(Verse)

(Yea) under stars, we met lips and something sparked

Sent me kisses from the heart

Put here for me from my God

It's like your lips were made for mine

And baby mine were made for you

It's like your kisses make me high

It's like we make out on the moon

What if I told you I fell in love last time my lips hit yours

What if I told you I felt these feelings and I just can't ignore it

What if I told you to marry me would you tell me I do

Would you think I'm just playing with you

Or would you understand what I'm saying is true?

Pure magic baby

The feeling you gave me, magic baby

Fell for you tragic

Kiss me with lips soft as satin

Felt your tongue, felt your love, fell in love, shit I almost fell out

No lie now you the only one my heart can think about

(Chorus)

What if I told you that I fell in love with you

Last time we kissed

I fell in love the last time we kissed

Don't know what you did to me girl

Everything went blind

When your lips touched mine (hey)

Don't know what it was about that time

(I fell in love)

I swear girl I ain't lying when I say

I fell in love that last time we kissed

Don't know what you did to me girl

(I fell in love)

(hey)

Let the beat ride

(hey)

(Verse)

(Uh) All the past times that we kissed

Ain't got shit on last time we kissed

Cause shit, last time we kissed, like it'd be the last time
that we'd kiss

It's like time didn't exist

It froze with you on my mind,

Baby I swear everything went bling

By time our tongues intertwined

What if i told you i'd hold you down

And help lift you up

Baby you should understand by now

I wanna give you all my love

Blocked out the entire earth

Together we felt the fireworks

My love, your lips inspired it

The love i felt last time we kissed

(Chorus)

What if I told you that I fell in love with you

Last time we kissed

I fell in love the last time we kissed

Don't know what you did to me girl

Everything went blind

When your lips touched mine (hey)

Don't know what it was about that time

(I fell in love)

I swear girl I ain't lying when I say

I fell in love that last time we kissed

Don't know what you did to me girl

(I fell in love)

(Bridge)

What if I told you that I fell in love with you

Last time we kissed (last time we kissed)

Everything went blind

When your lips touched mine (hey)

Don't know what it was about that time

I swear girl I ain't lying when I say

Last time we kissed

(I fell in love)

(Chorus)

What if I told you that I fell in love with you

Last time we kissed

I fell in love the last time we kissed

Don't know what you did to me girl

Everything went blind

When your lips touched mine (hey)

Don't know what it was about that time

(I fell in love)

I swear girl I ain't lying when I say

I fell in love that last time we kissed

Don't know what you did to me girl

(I fell in love)
