Got me thinkin'  
I can't waste time  
I don't want you  
To pass me by  
Slowly stripping  
Nothing to hide  
Cause you're the one  
I want in my life  
It's so, so clear  
No need to run  
When happiness  
Has just begun  
Your my soul mate  
You bring the sun  
I get the feeling  
You're the one

Boy, you know  
That I can't lie  
So I put my feelings  
On the line  
I don't know  
What it is you do  
But I just want  
To be with you

[Chorus:]  
If you never knew  
Now you know  
Now you know  
I guess  
I'm telling you  
That I'm yours  
That I'm yours  
And if you never knew  
Now you know  
Now you know  
I broke down my feelings  
So you've got to believe  
That there's no doubt to me

No doubt

Hearing you voice  
Just makes me smile  
So let's just talk  
A little while  
I want to tell you  
Everything  
All the secrets  
I've been keeping

Boy, you know  
That I can't lie  
So I put my feelings  
On the line  
I don't know  
What it is you do  
But I just want  
To be with you

(Chorus)

If anybody's down  
The people trying  
To change your mind  
Just know  
I'm coming clean  
And telling you something  
That I can't deny  
Because I love you more  
Than the world  
And I can never be more sure  
So, baby  
Won't you give me your hand  
Because it's time  
To take that chance  
Yeah

(Chorus)
