Oh my I just can't stop looking
The way she move's like, That across the floor
That (Hot)
Body looks kinda dealy
Just slide on over
And let me see some more

No it's not going down like that
Work a little harder boy
Gotta make a good impression now
Move up
Get closer
What you waiting for

Chorus:
I'm gonna drive you crazy
The way I shake it baby
Just bring your hip to my hip
Don't trip when I whip you up
Right up into a frenzy
Get body to body
Can we
Just do this Hip to the hip
Don't trip come and touch it's
Hot Hot Hot

Oh my god I think I love her
She's so on fire
I just got to know
Does that body travel
Hooome
Wont you bring it over here
Baby you look good to go

No it's not going down like that
You want me
Gotta show me
Gotta blow me away

Chorus:
I'm gonna drive you crazy
The way I shake it baby

Just bring your hip to my hip
Don't trip when I whip you up
Right up into a frenzy
Get body to body
Can we
Just do this Hip to the hip
Don't trip come and touch it's
Hot Hot Hot

Gonna drive you crazy
The way I shake it baby
Get you in a frenzy
Gotta get closer
Bring it over
Body to Body

No it's not going down like that
You want me
Gotta show me
Gotta blow me away

Chorus:
I'm gonna drive you crazy
The way I shake it baby
Just bring your hip to my hip
Don't trip when I whip you up
Right up into a frenzy
Get body to body
Can we
Just do this Hip to the hip
Don't trip come and touch it's
Hot Hot Hot

I'm gonna drive you crazy
The way I shake it baby
Just bring your hip to my hip
Don't trip when I whip you up
Right up into a frenzy
Get body to body
Can we
Just do this Hip to the hip
Don't trip come and touch it's
Hot Hot Hot

Do you like that
