Lauren: This is the night I've waited for so long,
I'm ready for a rhythm of my own,
You know that I'm gonna move ya,
Hey!
It's the night I've waited for a life,
I can see my dream materialize,
And I am ready to move ya,
Yeahh!

(Chorus)

All: When the lights shine, everything is set in motion,
Now it's just a question of time, I'm,
Running right into the hurricane
Whoa
And we'll be flying so high, so high, so high, so high,
so high, so high, so high, so high, so high, so high, so
high, so high, so high!

Lauren: Ev'ry single beat comes down to this,
I can taste the future on my lips (I've got all I can be)
You know that I'm gonna move ya, (I've got all I can be)
Yeahh!

All: We came, we saw, we conquered it all, we're gonna
be somebody standing 20 feet tall...

(Chorus)

All: When the lights shine, everything is set in motion,
Now it's just a question of time, I'm,
Running right into the hurricane
Whoa whoa!
When the lights shine, everything is set in motion,
And we'll be flying so high, so high, so high, so high,
so high, so high, so high, so high, so high, so high, so
high, so high...
SO HIGH!
