Now I know, where to go,
I'm not following a crowd but there's
So many faces staring at me!
I'm not going with the flow,
I gotta wave goodbye and say hello
To unfamiliar circumstances!

Oh, whoa,
I gotta start believing in myself,
It's up to me and no - one else!
I'm feeling...

This could be the start of something,
I can feel my heart it's jumping
Want to walk but can't stop running,
I can't stop running!
Good to be a part of something,
Once upon a time was nothing,
This could be the start of something
This could be the start of something good!

Life's a b****, life's a mess,
Trying to find your way it's not so easy,
It's not the way it looks on TV!
I'm fully clothed, but still undressed,
It's like I'm walking on the highest wire,
Without a safety net below me!

Oh, whoa,
There's not another place I'd rather be,
Listen to the voice inside of me,
That's shouting...

This could be the start of something,
I can feel my heart it's jumping
Want to walk but can't stop running,
I can't stop running!
Good to be a part of something,
Once upon a time was nothing,
This could be the start of something
This could be the start of something good!

Good to be where I belong,
It's just so good to belong,
Maybe this time is the one, (time is the one)
Maybe this time is the one time I've been waiting for too
long!

This could be the start of something,
I can feel my heart it's jumping
Want to walk but can't stop running,
I can't stop running!
Good to be a part of something,
Once upon a time was nothing,
This could be the start of something
This could be the start of something good!
