Take the time to think about
What it'd be like with me around
I know that I would bring you down
I know what I'm like

Take your time to set aside
To contemplate all of your life
With me around the other side
When you are there without me
Without me

Stop calling
You're not allowed to fall in
Love with me
Stop stalling
For the time to make me fall for you

Don't be stupid, don't be scared
I just didn't want you in my bed
You know our love fucks with my head

It's not, you it's me

I know you're back and sound cliché
But there's no other way to say
I can't be this, I'm too afraid
You're better off without me
Without me

Stop calling
You're not allowed to fall in
Love with me
Stop stalling
For the time to make me fall for you

This ship is going down (x2)
Let's go before you drown

Well this ship is going down
So let go before you drown
