It's never right or wrong with you and me
We're pure unconscious energy
And I freeze as your charging through my mind
That's what it's like with you and me
(Were?)

Then the spark ignites again
And I'm electric
Cause you and I were connected
And then the stadium lights go on
And we get hectic
Cause you and I were connected

To the light that shines in our eyes
To the beat that's running our lives
To the sound that's bringing us back again
(Repeat)

And I know you in and out and you know me
There's not a thing you got to be
And I see how your glowing from inside
That's what it's like with you and me
(Were?)

Then the spark ignites again
And I'm electric
Cause you and I were connected
And then the stadium lights go on
And we get hectic
Cause you and I were connected

To the light that shines in our eyes
To the beat that's running our lives
To the sound that's bringing us back again
(Repeat 2x)
