Footsteps in the rain, memories wash away
Beyond the headlight glare, it's kind of dark out there
And everywhere I've been, it's hard to find a friend
I've got no alibis for the state I'm in

Everybody needs, needs a place to go
God knows I have seen it's a twisting, winding road

[CHORUS]

And everyday, the sun comes up again
A little hope begins and it starts with you 'cause you get
me through it
And everyday, I'm closer to the shore, I smile a little
more
And because of your faith, I get closer, now, everyday

Said everyday
I said everyday
Everyday

It's hard to recognize, across the great divide
Just what you left behind and what you keep inside
A ripple in the calm, you keep me safe from harm
Somehow you still believe, you believe in me

Where it starts and ends, only time must know
Wherever you will be is where I wanna go

[CHORUS]

And everyday, the sun comes up again
A little hope begins and it starts with you 'cause you get
me through it
And everyday, I'm closer to the shore, I smile a little
more
And because of your faith, I get closer, now, everyday

'Cause you set me free
And 'cause you set me free

[CHORUS]

Every day, the sun comes up again

A little hope begins and it starts with you 'cause you get
me through it
And everyday, I'm closer to the shore, I smile a little
more
And because of your faith, I get closer, now, everyday
