Danja
Yeah, this sounds nice
Yeah, yeah

I got a plan we can do it
Just when you want it baby, baby, baby
As long as you want it
Come with me we can do it baby, baby, baby

I got a plan we can do it
Just when you want it baby, baby, baby
As long as you want it
Come with me we can do it baby, baby, baby

My body is callin' out for you bad boy
I get the feelin' that I just want to be with ya
Baby, I'm a freak and I don't really give a damn

I'm crazy as a motherfucker, bet that on your man
If you like what you see and your curiosity
Let your mind roam free, won't you pay attention
please?

What I gotta do to get you to want my body?
Quarter past three and ready to leave the party

I got a plan we can do it
Just when you want it baby, baby, baby
As long as you want it
Come with me we can do it baby, baby, baby

I got a plan we can do it
Just when you want it baby, baby, baby
As long as you want it
Come with me we can do it baby, baby, baby

Get naked, get naked, get naked, get naked
Get naked, get naked, get naked, get naked
Take it off, take it off, take it off, take it off
Get naked, get naked, get naked, get naked

I'm not ashamed of my beauty, you can see what I got

Might freak you out, imagine if I work it out
If I get on top, you're gonna lose your mind
The way I put it down boy you know should be up

I understand, that you don't got no man
And I just want to take your hand
And I need you to understand
That, that, that I, I got everything perfect
When I take one, get it all inside, work that body, get it
all hoppin'

If ya like what ya see and your curiosity
Let your mind roam free, won't you pay attention
please?
If ya like what ya see and your curiosity
Let your mind roam free, won't you pay attention
please?

Get naked, get naked, get naked, get naked
Get naked, get naked, get naked, get naked
Take it off, take it off, take it off, take it off
Get naked, get naked, get naked, get naked

Baby, take it off
I just wanna take it off, I just wanna take it off
Baby, take it off
I just wanna take it off, I just wanna take it off

I got a plan we can do it
Just when you want it baby, baby, baby
As long as you want it
Come with me we can do it baby, baby, baby

I got a plan we can do it
Just when you want it baby, baby, baby
As long as you want it
Come with me we can do it baby, baby, baby
