Guilty

You're always too busy  
Why don't you go with me  
Don't act like you don't hear me  
neglected  
you're guilty  
He noticed no one was with me  
I started getting so friendly  
He told me I was so pretty  
I flirted  
I'm guilty

I have no reason to lie  
I told you a thousand times  
I needed you by my side, but you were nowhere to lbe  
found  
But you pushed your luck  
Now it's all messed up  
But you went too far when you broke my heart and I  
found my guy  
And if losing you is what I gotta do to satisfy all my  
needs  
Then I guess that makes me guilty

Guilty [x2]

Stop wondering a thing but  
I want you so bad it's danger  
It's true I'm nobody's angel  
Convict me  
I'm guilty  
You ain't no...  
So good for...  
It's not like I did it on purpose  
The verdict is nothing  
He needs me  
Guilty

I have no reason to lie  
I told you a thousand times  
I needed you by my side, but you were nowhere to lbe

found  
But you pushed your luck  
Now it's all messed up  
But you went too far when you broke my heart and I  
found my guy

And if losing you is what I gotta do to satisfy all my  
needs  
Then I guess that makes me guilty

But you pushed your luck  
Now it's all messed up  
But you went too far when you broke my heart and I  
found my guy  
And if losing you is what I gotta do to satisfy all my  
needs  
Then I guess that makes me guilty

Tonight you'll cry  
Ain't nothing more  
That's why decided to sing this song 'bout  
I'm fakin'  
Girls hearts breakin'  
I was up beatin' and screaming 'n faking  
You sit there say I'm filthy when you're the one who  
made me guilty

Guilty [x5]

But you pushed your luck  
Now it's all messed up  
But you went too far when you broke my heart and I  
found my guy  
And if losing you is what I gotta do to satisfy all my  
needs  
Then I guess that makes me guilty

But you pushed your luck  
Now it's all messed up  
But you went too far when you broke my heart and I  
found my guy  
And if losing you is what I gotta do to satisfy all my  
needs  
Then I guess that makes me guilty

Guilty [x7]

Not not not with me...
