"Boston"

"Representin' mass"

"Boston"

"The worst" "Fuckin' Boston"

"Boston"

[Verse 1: XL]

We're from the B to the O-S-T-O-N

where cats double push friends for dollars and gems

Platinum artistes they don't wanna come here (nah)

not cause of lack of money or bitches, but out of fear

Rappers up here be gettin' overlooked for years

Started hatin' on eachother sabotagin' careers

Ten o' the best MC's we got to offer

to shut down you cock blockin' shit talkers

[Verse 2: Ed O.G.]

Mad niggaz think they flossin' in rap

But no one knew Boston could rap

Till Edo put this shit on the map

Now the change is drastic, Hip-Hop got Jurassic

And none of you Boston bastards made a classic

Got the right voice, make the right noise

Can't stand none of you niggaz and none of you white
boys

My men's is down to take the city, hands down

From the ropes to Pakis all the way to Landsdown

[Verse 3: Big Juan]

How you gon' lie about the place that you're from?

The house you grow up in, the block that you hung

Politics ain't my fortay

You gettin' fucked without the foreplay

Heaven trouble comin' through the doorway

G ain't playin' you dubs in the clubs

And heads ain't showin' you no love in the Hub

Spend time on the road, hotel's all alone

Not for Hillstreet times ain't no place like home

[Chorus: Guru](4x)

I'ma get home, I'ma get there
make it back even if I'm caught outthere

[Verse 4: JaySon]

When I think of the Bean I think of the artist who
got fucked over by Maurice Starr and Larry Wu
I think I-L-B, fifteen years of R & B transmitted outside
Dudley
Plus the Bumrush specially celebrities
aks Kane, Moe Dee, Mo Vaughn and Eric B.
Murdapan, Deathchester and Glocksbury
The weed's extra sticky, coke's extra heavy

"Boston"

[Verse 5:Big Shug]

It's the chin checkin', Chuck chokin' predator
Boston rap (Big Shug) Murdapan settler (huh)
I'm bettin' the stakes be high, when you die
Diss the crew, and lose the sight in you eyes
We multiply to bring the real on the track
Cross the line and there ain't no goin' back (fuckin' fag)
In fact, these niggas will rip ya ass apart
Bury that head in Franklin and your body in Hyde Park

[Chorus]

[G-Squared scratches]

"Boston"

"Boston"

"Representin' mass"

"Boston"

"Fuckin' Boston"

[Verse 6: G-Squared]

We make history daily
Represent Boston like Arabs and Israelis
Police tail me, backstabbers try to nail me
DJ's play me at the clubs past eleven
On 88.9, 94.5 and Hot97
Beantown's a cold city Dorchester gritty
Murdered over a fifty, hometown ain't it shifted
I travel the map but I always come back
To burn it down behind 24 tracks

[Verse 7: Krumb Snatcha]

Shoot outs fit niggas get twist in the Bean
Below the exploded magazine leave my head on the
scene
Long time to Glocksbury twist your nine on the spot
Either you out to get this paper, or you work for the

cops

My don stylo finally ya niggaz know how it go
Most hated at the back with the gats at the show
Quick to die with the stripes on squeezing like a python
Half the industry ya already dead before the mic's on

[Verse 8: Akrobatik]

My rapstyle's changed like Rodman's head
It's Akrobatik representin' Common Square (Hell yeah)
Where you can hop on the Red Line
and catch me at the Middle East
wippin' hoes close to headline
The winter's east Stone Cold like Steve Austin
But I promise my heart will never leave Boston
And that's the bottom line cause Akro say so
Intimidatin' with my pitch changed up like Pedro

[Chorus]

[Guru]

"Boston" Niggas be sleepin' on Boston for years
"Boston" I don't know what you thought
"Representin' mass" this ain't no fuckin' collegetown
Some real shit outhere on these streets
"Fuckin' Boston"
"Boston" Big up to my niggas
"Boston" XL
"Boston" Ed O.G.
"Boston" Big Juan
"Representin' mass" Jayson Big Shug
"Boston" G-Squared, Krumb Snatcha
