Said you're gonna be here in a minute
Sitting in the mirror, getting pretty
Gotta look my best if we gonna break up
Gotta look my best if we gonna break up
I can hear you knocking at the front door
And I know exactly what you came for
Trying to say goodbye but it's hot and heavy
Trying to say goodbye but it's hot and heavy

You...

Touch me and its breaking me down, and me down,
and me down, and me down
I'm telling you, let's just give it up and get down, and
get down, and get down

So come on,
Won't you give me something to remember?
Baby, shut your mouth and turn me inside out
Even though we couldn't last forever
Baby, you know what I want right now

Hit me one more time, it's so amazing
How you shook my world and flipped it upside down
You're the only one who ever drove me crazy
Cause you know me inside out
Inside out

I know that we probably shouldn't do this
Wake up in the morning feeling stupid
Said that we were done but you're all up on me
Said that we were done but you're all up on me
Tell me how we got in this position

Guess I gotta get you out my system
Trying to let you go but it's not that easy
Trying to let you go but it's not that easy

You...

Touch me and its breaking me down, and me down,
and me down, and me down
I'm telling you, let's just give it up and get down, and
get down, and get down

So come on,
Won't you give me something to remember?
Baby, shut your mouth and turn me inside out
Even though we couldn't last forever
Baby, you know what I want right now
Hit me one more time, it's so amazing
How you shook my world and flipped it upside down
You're the only one who ever drove me crazy
Cause you know me inside out
Inside out

Inside out

So come on,
Won't you give me something to remember?
Baby, shut your mouth and turn me inside out
Even though we couldn't last forever
Baby, you know what I want right now
Hit me one more time, it's so amazing
How you shook my world and flipped it upside down
You're the only one who ever drove me crazy
Cause you know me inside out
