Just Yesterday

You were lookin up to me and you would ask me what I thought..

But now I'm sittin here all alone with my tears lookin at my life that I've bought..

Were did I go? yeah  
my eyes they will show  
Little me please forgive me  
I couldnt see you hurtin inside  
little me please forgive me I couldnt see you hurtin inside....

But now Im sittin here  
You are lookin up to me and you would ask me what I thought  
but now Im sittin here alone with my tears lookin at the life that I've bought.....

Were did I go? yeah  
my eyes they will show  
Little me please forgive me I couldnt see you hurtin inside  
Little me please forgive me I couldnt see you hurtin inside

Were did I go? yeah  
my eyes they will show  
Were did I go? yeah  
my eye the will show

Little me please forgive me I couldnt see you hurtin inside  
Little me please forgive me I couldnt see you hurtin inside ....
