To think I'm so naive
How dare you play with me?
I gave you heart an' soul, yea
Tell me baby, please
Why you screwin' with my head?
I don't think you understand
I won't take your, hhh, no more
Don't knock on my door

Not this time because I recognize
I've heard it all before
And I

I think of all the time that I wasted
Think of all the times that I took you back
Ain't no way I'll be lonely
I don't wanna let you back in
Let's just face it
(Face it)
Better off alone and I won't turn back
You thought that I would be lonely
I don't wanna let you back in

Don't tell me how to feel
Or say that you're for real
My mind's made up, I'm cool without ya
You got no more appeal
Now this girl don't need no man
To say what she can do or she can't
Now I live for me
And, boy, does that make you weak?

Not this time because I realize
I've heard it all before
And I

I think of all the time that I wasted
Think of all the times that I took you back
Ain't no way I'll be lonely
I don't wanna let you back in
Let's just face it

(Face it)
Better off alone and I won't turn back
You thought that I would be lonely
I don't wanna let you back in

Think of times you made me cry
You had me so confused
I'm tired of trying, leave behind this
What's a girl to do?

Think of all the times you made me sick
I used to think I couldn't handle it
What you think, I'm just another chick?
Mess with Brit, boy you must have tripped
What were you thinkin' when you lost my trust?
You had it all and now you're left with nothin'
Ooo, baby now I know you want my touch
And now you're lonely and you still want me

I think of all the time that I wasted
Think of all the times that I took you back
Ain't no way I'll be lonely
I don't wanna let you back in
Let's just face it
(Face it)
Better off alone and I won't turn back
You thought that I would be lonely
I don't wanna let you back in

I think of all the time that I wasted
Think of all the times that I took you back
Ain't no way I'll be lonely
I don't wanna let you back in
Let's just face it
(Face it)
Better off alone and I won't turn back
You thought that I would be lonely
I don't wanna let you back in
