Would you rather I dim the lights  
Would you prefer just like we were  
Or shall I undress for you (what do you want me to do)  
However may I pleasure you

Fill with bubbles, warm you a bath  
Lay back, relax, anything you ask  
Let me release the stress for you  
However may I pleasure you

You're so perfect that I get nervous  
Tongith I'm at your service  
I'm so unselfish  
And though I'm helpless, whatever brings you pleasure

You're the reason I live  
And all that I have to give  
Is all I ever want do  
Is whatever pleasure's you

And if it takes me all night  
Or for the rest of my life  
I'll spend forever breaking through  
Do whatever just to pleasure you

Hey Britney  
It's Don Philip

Any fantasy can occur  
May be observed  
Just say the word  
I'll do it if you want me to, whatever just to pleasure you

If you want to get off from that  
Lay on your back, I got the max  
Certainly I'll pull you through  
Whatever just to pleasure you

You're so perfect that I get nervous  
Tongith I'm at your service  
I'm so unselfish  
And though I'm helpless, whatever brings you pleasure

You're the reason I live  
And all that I have to give  
Is all I ever want do  
Is whatever pleasure's you

And if it takes me all night  
Or for the rest of my life  
I'll spend forever breaking through  
Do whatever just to pleasure you

If I pleasure, together, whatever, whenever  
Baby with you  
And it's like, heaven, together, no matter, whatever  
As long as you ask me to (what do you want me to do)

You're the reason I live  
And all that I have to give  
Is all I ever want do  
Is whatever pleasure's you

And if it takes me all night  
Or for the rest of my life  
I'll spend forever breaking through  
Do whatever just to pleasure you

You're the reason I live  
And all that I have to give  
Is all I ever want do  
Is whatever pleasure's you

And if it takes me all night  
Or for the rest of my life  
I'll spend forever breaking through  
Do whatever just to pleasure you
