You'll fly high
Couldn't be better now
Yup there's me
So what are you missing
What are you searching for
There must be something
Something more
Because you still
Feel the hole inside
Emptiness still harbours
In your life
So what are you missing
What are you searching for
There must be something
Something more

Just be quiet now
You don't want
To hear it
You don't think
You need that god

But I can see through you
The pain in your eyes
You are just hiding
The hurt inside
Because you still
Feel the hole inside
Emptiness still harbours
In your life
I can see through you
The pain in your eyes
You are just hiding
The hurt inside
Open up your eyes
You've got to believe
There is one alone?

He will fill your heart
Till it overflows
Happiness
You will forever know

You will never
Feel the hole inside
Emptiness won't be
Part of your life
Reach out and?
Take hold of this love
This is just for you
Sent from above
So what are you missing
What are
You searching for
There's got
To be something
Something more
