My mumma told me girl just let him go  
Said you would be more problems then I'd ever know  
Said if he's gonna go then let him go away

But then I get the urge it hurts so bad  
Then I feel a thirst it makes me mad  
I look up in my be and look up and there is your face

(You love it, you love it)  
I'm so hooked on it, hooked on it  
(You want it, you want it)  
It's so good, a good thing  
(Sugar fall, your sugar fall)  
You make me sugar fall, my sugar fall  
(You know it want it bad, babe)

I heard it in the streets you got another girl  
Yes, it did sting but didn't shatter my world  
(I'm OK)  
Who should catch me now when I'm in a vulnerable  
state?

Probably thinking to yourself this just ain't me  
But on the contrary I was your freak  
(I was your freak)  
Hit me one more time and trust me I'll be okay  
(Hey)

(You love it, you love it)  
I'm so hooked on it, hooked on it  
(You want it, you want it)  
It's so good, a good thing  
(Sugar fall, your sugar fall)  
You make me sugar fall, my sugar fall  
(You know it want it bad, babe)

Now I would be bitch if I gathered up my clothes and  
headed over straight to the door  
You wouldn't have a clue of what you should do if I let  
you laying waiting for more

You'd be like baby don't go  
(Don't go)  
Baby, want some more?  
(Do you want some more?)  
Baby, Don't go  
(Just don't go)  
Said baby, Please  
Listen baby don't you know?

Do you lick your lips just to spend alone  
You ain't got no X ray vision staring through my clothes  
Sure that you're prepared for what comes served on its  
plate?  
Wait a minute, Ooh, I'm having second thoughts  
See, my heart's in fall, Could you pass my shorts?  
Don't you got a girl? Till then I'm sorry, you must wait  
Especially since I know

(You love it, you love it)  
I'm so hooked on it, hooked on it  
(You want it, you want it)  
It's so good, a good thing  
(Sugar fall, your sugar fall)  
You make me sugar fall, my sugar fall  
(You know it want it bad, hey girl)

I'm so hooked on it, hooked on it  
(You want it, you want it)  
It's so good, a good thing  
(Sugar fall, your sugar fall)  
You make me sugar fall, my sugar fall  
(You know it want it bad, hey girl)

You know you want it  
So come and get it
