Your body's warm  
But you are not breathe  
It's only your shadow  
(Shadow, shadow, shadow)  
Tears, in me  
I'll don't give it at you  
Truth, in me  
That it used to  
Shadow  
Everything that you've got  
Why don't you stop, baby?  
Cry to me?  
Me  
Why don't you stop?  
Me  
The truth  
That is all you've got  
And now again at me  
What he's done to me  
Me  
Tears, in me  
I'll don't give it at you  
Truth, in me  
That it used to  
Shadow  
Everything that you've got  
Why don't you stop?  
What he's done to me  
Tears, in me  
I'll don't give it at you  
Truth, in me  
That it used to  
Shadow  
Everything that you've got  
Why don't you stop, baby?  
I'm watching your disappear
